- Immunisations and vaccinations (including childhood and seasonal programmes)
- Cervical screening (smear tests)
- Wound care and dressings
- NHS health checks and health promotion
- Phlebotomy, ECGs, and routine observations
- Supporting minor surgery clinics

## About You

- Registered Nurse with valid NMC registration
- Experience in primary care or community settings (desirable)
- Confident working independently and within a multidisciplinary team
- Strong communication and organisational skills
- Committed to patient-centred care
- Training in immunisations, cytology, or chronic disease management (preferred)

## What We Offer

- Supportive and collaborative working environment
- Opportunities for ongoing training and development
- NHS Pension Scheme
- Flexible working options (where possible)

- Competitive salary based on experience
